SANTA ANA, CALIFORNIA, WEDNESDAY EVENING, FEBRUARY 17, 1915.

50 CENTS PER MONTH

7 DIE, 10 HURT AS BOARDING HOUSE GOES UP IN FIRE

MARSHFIELD, Oregon, Feb. 17.—Seven persons are dead and ten seriously burned as the result of a fire which today destroyed the C. A. Smith Lumber Company's boarding house.

It will be several hours before the bodies can be identified. A number of the injured are so seriously hurt they cannot tell their names and several are expected to die.

There were forty-five persons in the building when the fire started.

A. A. Craig, father of Geo. Craig, proprietor of the house, was suffocated to death in his room. He was an invalid and unable to escape.

For a time the office building and entire plant of the company was threatened but was saved by the heroic work of the firemen.

Five other bodies have been removed, horribly burned. Four of them are believed to be Louis Kalinewski, a Pole; Wm. Glover, W. W. Ward and Louis Peppas, a Greek, all mill hands. The fifth body was so badly burned it bore little resemblance to a human body.

Byron Craig, aged twelve years, son of the proprietor, was so badly burned he is expected to die.

Fireman Max Kruger was badly scorched in attempting rescues.

All of the electric power in Marshfield and North Bend is severed because of the fire.

PIONEER DIES BY SUFFOCATION, RIVERSIDE FIRE

RIVERSIDE Cal., Feb. 17.—D. C. Twogood, aged 80 years, a pioneer settler and the first nurseryman here, was burned to death today by inhaling fumes from an exploding gas stove. The family came from Iowa in the early seventies.

2 KILLED 6 INJURED IN \$100,000 BLAZE

DANVILLE, Ill., Feb. 17.—Two firemen were killed and six others injured by falling walls in the burning of the Odd Fellows' building. The building is a total loss, estimated at \$100,000.

Posse Starts Out to Battle Intrenched Piute Bandits

CORTEZ, Colo., Feb. 17.—Federal Marshal Nebeker, of Utah, and forty picked men, left today determined to take the Indian stronghold in southeastern Utah where twenty-seven Piute bandits are entrenched.

The Indians, led by Tse Ne Gat, who is wanted for murder, took the war path when they heard the authorities were on his trail.

The position is strongly fortified and cannot be taken without a battle. Marshal Nebeker plans to lay siege to the place.

Becomes Morganatic Wife Can Claim No Royal Title Weds Nephew of Kaiser

BREAKS DOWN IN TELLING OF DEATH OF CHILD

SACRAMENTO, Feb. 17.—Mrs. Milling, mother of Margaret Milling, aged 10 years, who was murdered by David Fountain, according to the latter's own confession, was the first witness against Fountain today.

When she told of the departure of her daughter for the church where she was killed, the mother broke down and had to be taken from the stand.

John Milling, the girl's father, who was today under heavy guard to prevent him again attacking Fountain, testified to his acquaintance with Fountain.

LOBBYISTS OUTNUMBER LEGISLATORS IN TEXAS

AUSTIN, Texas, Feb. 17.—The register of the "third house," or lobby, in the state legislature today contained over 300 names. A rule adopted at the opening of the current session required all representatives of special interests coming to Austin to "lobby" before either branch to register. Now the "third house" has more names on its roll than the combined membership of both houses of the legislature.

NEW HAVEN PROBE ON NEW YORK, Feb. 17.—Federal Judges today began another investigation into the affairs of the New Haven and Hartford railroad. Former President Mellen was the first witness.

Miss Elizabeth Reid Rogers, daughter of Richard Reid Rogers of Washington, has just been morganatically married to Prince Christian of Philippssthal-Barchfeld-Hesse, a nephew of Kaiser Wilhelm. The ceremony was performed at Trinity Church in Berlin.

The morganatic marriage is the culmination of a romance beginning two years ago when a German squadron visited American waters.

Miss Rogers, a Kentucky beauty just out of her teens, was living with her father and mother in Washington and was a leader in the small circle of society girls with a fondness for athletics.

She was the youngest and the star woman fencer in society, her rapier having won her conquests over those of some of the most accomplished masculine fencers in Washington. She was a belle in her set, and when the German naval officers from the visiting squadron were in Washington she was the life and soul of the impromptu gayeties into which the officers plunged with exhilaration.

Miss Rogers will not be Princess Christian of Hesse and her husband will no longer be known by his princely title. The arrangements of the morganatic marriage of Germany between princes of royal blood and women not royal, attended to by the strictest legal procedure, protecting the matrimonial status of the wife and her children, are none the less strict in prohibiting the wife from assuming the title of her husband's family and preventing her from sharing in his inherited family estates. The title by which the American bride and her royal bridegroom are to be known will be published by royal decree and be decided upon personally by the emperor.

At last night's meeting a resolution was passed to observe the Federal and State rulings against overdrifts. Practically every bank in the county was represented, forty bankers being present. The members of the association banqueting at Taylor's after the meeting.

'EASY DIVORCES' AGAIN TO RULE IN NEVADA

CARSON CITY, Nev., Feb. 17.—The "easy divorce bill" passed the Senate today by a vote of 12 to 10 and now goes to the governor for his signature, as it already has passed the House.

The bill re-establishes the law repealed some time ago permitting the granting of divorces after only six months' residence in Nevada.

No intimation has yet come from the governor regarding his action on the measure.

THE CITRUS MARKET
NEW YORK, Feb. 17.—Fourteen cars oranges, two lemons sold. Oranges—10 to 15 cents higher. Lemons—Unchanged. Avocados—\$1.69 to \$2.95. Highest—\$3.45. Weather—Clear; temperature, 8 a. m., 34 degrees.

RESERVE BANKS AVERT DANGER OF PANICS

New Federal System Explained
to County Bankers'
Association

SAN FRANCISCO IN
TALK TO MONEY MEN

Practically Every County Bank
Is Represented at the
Meeting

That the establishment of Federal Reserve banks in the United States will, in the course of a short time, have the effect of averting financial stringencies and panics in the future was the declaration of Russell Lowrey, Deputy Governor of District No. 12 Reserve bank in San Francisco, speaking before the Orange County Bankers' Association which met last night at the Farmers and Merchants' National Bank in this city.

Lowrey, who was for eight years associated with the American National Bank in San Francisco, explained in detail to the assembled bankers the workings of the new Federal Reserve banks.

Each national bank in the United States, said Lowrey, is required by law to take a certain amount of stock in the Federal Reserve Bank. Then, during times of financial stress, the national banks may have their paper discounted at the Federal Bank.

No notes may be discounted for a longer time than six months.

Thirty and sixty-day notes may be discounted at 4½ per cent; ninety-day notes at 4½ per cent, and six months' notes at 5 per cent.

The notes may be discounted only on commercial, agricultural or industrial securities and not on permanent investments, the prime object of the establishment of the Federal Reserve Bank being to provide national banks with a means of securing, during financially stringent times, money whereby crops may be harvested, and providing funds for all business needing them temporarily.

Lowrey explained that the Federal Reserve Bank idea was as yet merely in its formative period and that, as in the case of all new ventures, it would in all probability need adjusting in several particulars. It was Lowrey's opinion, however, that the benefit to the country of the new system would prove incalculable and all danger of panics would be eliminated.

Lowrey stated that government statistics prove that fully one-fifth of the business transacted in the United States is done on credit. One hundred billions in cash is the entire amount of actual money in this country and business to the amount of \$600,000,000 is transacted annually.

The Orange county bankers found Lowrey's lecture of great benefit. Lowrey was asked a great many questions after his talk and these he answered clearly and concisely to the best of his ability, and thereby cleared up many points which the bankers had been in doubt.

At last night's meeting a resolution was passed to observe the Federal and State rulings against overdrifts.

Practically every bank in the county was represented, forty bankers being present. The members of the association banqueting at Taylor's after the meeting.

U. S. DOES NOT PLAN TO BUY INTERNEED SHIPS

WASHINGTON, Feb. 17.—The administration has never contemplated buying interned ships under the ship purchase bill, according to Bernard N. Baker, the millionaire Baltimore ship owner, who testified today before the Senate ship investigating committee. He said that when his opinion was asked he advised against such purchase.

The ship purchase measure reached the Senate again this afternoon. Senator Fletcher moved to disagree with the House and to appoint conference to settle the matter. This is regarded as an important step towards the bill's passage. Lodge attempted to muddle the situation by demanding that Fletcher's proposition be split into two motions. Lodge's motion was tabled, 46 to 43.

BILL AGAINST TIPPING PASSED IN NEBRASKA

LINCOLN, Neb., Feb. 17.—The Nebraska House by a vote of 61 to 24 has passed the bill making tipping unlawful.

NEW VICEROY OF IRELAND
DUBLIN, Ireland, Feb. 17.—Lord Wimborne today succeeded the Earl of Aberdeen as Lord Lieutenant of Ireland. The new viceroy is a cousin of Winston Churchill.

COFFEY VS. SULLIVAN
NEW YORK, Feb. 17.—Jim Coffey and Jack (Twin) Sullivan are to meet tonight in a ten-round bout at Gibb's Club. Benny Leonard and Patsy Cline, Harlem lightweights, will mix in the preliminary scrap.

MANY STEAMERS ENTER WAR ZONE DANGER BY TONIGHT AND TOMORROW

LIVERPOOL, Eng., Feb. 17.—Twenty-eight steamers from New York, carrying more than 1000 Americans, are speeding toward the war zone and may be subject to the retaliation ordered by Germany. The Adriatic, with 400 passengers, is due tomorrow (Friday). British destroyers are to convoy her through the Irish Sea. The Norwegian steamer Bergensfjord will enter the danger zone at about the same time. A dozen smaller vessels bearing passengers are due here a few hours after the submarine order becomes effective. Five of these are British and two are American vessels. Forty vessels from America are due here next week.

SAN BERNARDINO ORANGE EXHIBIT READY; OPENS TONIGHT

SAN BERNARDINO, Feb. 17.—Thousands of visitors from all over Southern California, and other thousands of tourists from other states through San Bernardino today for the opening of the California Orange Show this evening.

Hundreds of workmen spent yesterday and most of the night putting the finishing touches to the exhibits, which are now practically complete.

The Pacific Electric exhibit will tell of the beauties of both the orange and the maid of Southern California, and six charming girls in full seawymph uniform are ready to test out the tank of real water that forms a portion of the orange-built bathing palace. Their garments, so it is said, weigh eight ounces, and the colors range from orange to cerise.

At the Santa Fe display the reproduction in miniature of the Kite-Shaped Track, built under the direction of H. S. Wall, superintendent of shops, had the final touches placed. The tiny orange orchards are in place, and even the lights of the city of San Bernardino are ready to twinkle. As a portion of this big exhibit that is to tell the spot in which every citrus fruit city in the orange belt nestles among the gardens, is the complete miniature locomotive, built by the apprentices of the local shop.

The big artesian well, which is to flow amid a beautiful garden of flowers, gushed forth in its test yesterday afternoon. This is San Bernardino's exhibit. Hundreds of thousands of boxes of fruit, the choicest of the state, took their places in the wall that circles the exhibition.

A light rain is promised, but then the orange show is used to rain, for during the four previous exhibitions the weather man turned loose in torrents. But rain or shine, the orange show opens tonight with appropriate remarks by the big men of the citrus fruit industry of the state.

MICHIGAN DEMOCRATS WILL SUPPORT WILSON

LANSING, Mich., Feb. 17.—Michigan Democrats have pledged to President Wilson their support for re-nomination and re-election at their state convention. Secondary state officers were nominated.

CHILD WELFARE DAY

SALEM, Ore., Feb. 17.—Today was "child welfare day" in Oregon by proclamation of Governor Withycombe. A number of meetings were held throughout the state at which the interests of children were discussed.

50 ENTOMBED AS GAS EXPLODES IN COLLIERY

WILKESBARRE, Pa., Feb. 17.—Fifty men are entombed today as the result of a gas explosion in the Freeport colliery of the Lehigh Valley Coal Company. One dead miner and nine injured men were taken out late this afternoon. Rescuers are working desperately to reach the remaining miners.

WEATHER FORECAST

For Santa Ana and Vicinity—Unsettled weather with showers tonight and Thursday.

DETECTIVES recently searching for Henry C. Coe, Jr., a former New Yorker and now Boston representative of the Standard Oil Company, who has mysteriously disappeared, have said they feel he has been murdered or is being held for ransom.

At the Coe home, 1200 Commonwealth avenue, Allston, Mrs. Coe is prostrated. She was Helen Ainslee, daughter of A. Allen Ainslee. When Coe left home he was in a most cheerful state of mind. He had with him \$100 in cash and wore a three-stone diamond ring valued at \$300 and an amethyst scarfpin. He boarded a trolley car near his home bound downtown. Where he left the car or when is not known, though he was seen on the car by acquaintances.

COUNTRY NEEDN'T FEAR SCARCITY OF FOOD SAYS PRESIDENT

WASHINGTON, Feb. 17.—President Wilson today wrote to Mayor Mitchell of New York, stating that the country would feel less fearful of a food shortage when the facts possessed by the agricultural department are made public.

The President's letter was in reply to Mitchell's suggestion for a food embargo. It said the administration had given the matter careful consideration, and added:

"The Department of Agriculture is in possession of all the facts and some very enormous impressions seem to obtain. It is our purpose in the immediate future to remove these misunderstandings by a full and clear statement."

\$25,000 FIRE IN S. F.
SAN FRANCISCO, Feb. 17.—The four-story factory of the San Francisco Casket Company was destroyed by fire today, with a loss of \$25,000.

AGED PIONEER DIES
SACRAMENTO, Feb. 17.—Dr. Henry L. Nicholas, aged 91 years, the oldest practicing physician in California and secretary of state from 1897 to 1871, died today.

Inventor of Monoplane Ridicules Zeppelin Scare

[Copyright, 1915, by United Press.]

PARIS, Feb. 17.—"The much vaunted German Zeppelins are utterly worthless for war purposes. They are certain soon to disappear entirely as a factor in aerial navigation of any sort," declared Louis Bleriot, inventor of the monoplane, today. He continued:

"This war killed the Zeppelin. It is too bulky, too light and frail for stern work and is entirely at the mercy of the elements.

"Possibly they might raid French or English cities but they never could reach home again."

AMERICANS IN PERIL AS NEW WAR ZONE IS LAID OUT BY GERMANS

WASHINGTON, Feb. 17.—What protection the United States intends extending to the thousands of Americans steaming into British waters included in the German war zone tomorrow, is a diplomatic secret.

Secretary of State Bryan today declined to outline any policy, neither would he indicate that his silence was due to Germany's failure to answer the American note.

The authorities indicated that no warships would accompany any American vessels.

LONDON, Feb. 17.—The British navy is ready to meet Germany's submarines.

The admiralty alone knows the plans, but there is evidence today of a more confident feeling than at any time since Germany announced her intention to establish a war zone.

It is believed escorts will be provided for English merchantmen, and that a flotilla of destroyers and torpedo boats will be assigned to duty along all steamship lanes.

It is anticipated the Germans will attempt to strike hard at the outset in an effort to terrify ship owners and keep vessels in port.

WASHINGTON, Feb. 17.—Officials at the German embassy said today that relief ships entering the war zone would be liable to attack the same as if they were British warships.

They declare English merchantmen have already prepared to disguise themselves as relief ships and that hereafter there will be no exemption granted any nationality or class of suspected vessels.

BERLIN (via London), Feb. 17.—More than 50,000 prisoners and sixty machine guns, together with an enormous quantity of war munitions have been taken by General von Hindenburg in East Prussia, the war office announces today.

The Russians are said to have been crushingly defeated and the ground over which they are retreating to be covered with dead and wounded.

Freezing temperatures continue, and alternating rains have brought pneumonia to most of the wounded, a majority of whom will die.

BERLIN (by wireless to London), Feb. 17.—Hostilities have been renewed at many points along the western front, it is officially announced today. Stubborn attacks by the allies are in progress at various points.

The statement added: "Northwest of Rheims our forces captured four officers and 170 men. Attacks have been repulsed in the Champagne region, where we took two officers and 170 men."

The fighting continues at close quarters and of an intensely fierce nature.

HAVRE, Feb. 17.—Twenty-two members of the crew of the British collier Dulwich were picked up by a French destroyer and landed today. Seven reached Fecamp and two are missing.

PARIS, Feb. 17.—Details of various engagements along the whole battle front, according to the official communique today, indicates that a new general battle is commencing. The Germans have resumed activity about Verdun. At Argonne a line of German trenches has been destroyed. Attacks in force between Tour de Paris and Rouilleux are reported repulsed.

The Germans attacked the French positions in the Champagne region during the night, but the war office asserts all assaults were repulsed.

It is also announced that all the French airmen who participated in the raid on the Ghislies aerodrome in Belgium last night have returned safely to their stations.

Eight airmen participated in the raid. Simultaneously forty British airmen attacked Zebrugg, Ostend, Middlekerke and Blankenburghe, important German bases.

COMMITTEEMEN APPOINTED BY FRED RAFFERTY

President Fred Rafferty of the Santa Ana Chamber of Commerce yesterday appointed the following regular standing committees for the present year:

Transportation—Geo. B. Shattuck, chairman; S. M. Davis, R. E. Dickinson, L. B. Valla.

Trade and Commerce—E. T. Mateer, chairman; D. L. Anderson, John Beaty, Jr., Fred Fuller.

Public Improvement—J. P. Baumgartner, chairman; C. E. Utt, D. N. Kelly, E. V. S. Pomeroy.

Membership—H. A. Gardner, chairman; Wm. C. Jerome, C. H. Lowe, J. A. McFadden.

Manufacture—Jas. S. Smart, chairman; L. M. Doyle, A. J. E. Visei, D. G. H. Dobson.

Finance—C. S. Crookshank, chairman; H. T. Rutherford, C. E. Parker, W. A. Huff.

The following special standing committees were also named:

Excursion—A. C. Tiede, chairman; J. R. Paine, C. F. Crose, J. E. Scott.

Entertainment—J. D. Thomas, chairman; Martin Warren, Clyde Horton, Mac O. Robbins.

Legislative—Clyde Bishop, chairman; Horace Head, J. C. Burke, Robt. M. Simon.

Parks—W. L. Grubb, chairman; J. A. Cranston, C. A. Riggs, L. J. Carden.

Publicity—R. L. Bisby, chairman; T. E. Stephenson, Frank P. Clarkson, M. A. Yarnell.

Horticultural and Agricultural—R. K. Bishop, chairman; A. J. McFadden, A. H. Lyon, P. E. Farnsworth.

POLY JOURNALISTS MAY ATTEND MEETING

It is likely that Vern Smith and Leo Keeney, business manager and editor, respectively, of the Santa Ana Polytechnic High School Journal, will go to Gardena Friday, February 26, to represent their paper at the fifth semi-annual convention of the Student Press Association of Southern California.

How to make high school publications interesting and profitable will be subjects taken up by the student

DULL, SPLITTING, SICK HEADACHE

Dr. James' Headache Powders relieve at once—10 cents a package.

You take a Dr. James' Headache Powder and in just a few moments your head clears and all neuralgia and distress vanishes. It's the quickest and surest relief for headache, whether dull, throbbing, splitting or nerve-racking. Send someone to the drug store and get a dime package now. Quit suffering—it's so needless. Be sure you get Dr. James' Headache Powders—then there will be no disappointment.

journalists of thirty Southern California high schools.

Speakers representing a dozen or more of the leading school newspapers will tell the convention delegates of their troubles and triumphs. In addition, one or two prominent newspaper men of the city will make addresses.

Smith states that the Generator is meeting with high favor this season and that it is eagerly read by the entire 800 high school students. The paper now has more than 400 subscribers and this number is very likely to be increased to 700 before many more weeks have passed.

SARAH BERNHARDT FACES LOSS OF LEG

BORDEAUX, France, Feb. 17.—Sarah Bernhardt, who is in a hospital here on account of an injury to her knee, passed a good night and her condition is described by her doctors as stationary. She faces the possibility of having her leg amputated.

A HAPPY CHILD IN JUST A FEW HOURS

If Cross, Feverish, Constipated,
Give 'California Syrup
of Figs'

Mother can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become tightly packed liver gets sluggish and stomach disordered.

When cross feverish restless see if tongue is coated then give this delicious "fruit laxative." Children love it and it can not cause injury. No difference what ails your little one—if full of cold or a sore throat, diarrhoea, a gentle "inside cleansing" should always be the first treatment given. Full directions for babies, children of all ages and grown-ups are printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup. Advertisement.

WOMAN'S CLUB IS UNDER WAY

Additional Officers Have Been
Elected; Meeting Place is
Arranged For

ORANGE, Feb. 16.—The Woman's Club of Orange met Monday afternoon at the Colonial Theatre. The first vice president, Mrs. Collings, presided in her usual imperturbable Scotch manner, which is a delight to all who witness it. Mrs. W. E. Harper was elected club treasurer, and Mrs. C. E. Leach as curator. Miss Susie L. Scarrett, Mrs. J. E. Parker, Mrs. Wm. Bathgate and Mrs. R. G. Blythe were elected directors.

Mrs. Haines W. Reed, the brilliant editor of "The Club Woman" who was to address the club on "Federation," was unable to be present on account of ill health.

The club decided to take advantage of the generosity of Manager Hudson to secure the Colonial Theatre at a nominal rental for a permanent meeting place.

Members wishing to join study classes will notify Mrs. C. E. Teach by postal, giving their name and study they wish to undertake and classes will be formed when registrations warrant. The preliminary work of launching the club is now finished and with a strong directorate, backed by a membership of 149 progressive, alert women the Woman's Club of Orange enters upon a prosperous career.

Friends in this city have been grieved to hear of the death this morning of Thomas H. Oxman, a former Orange resident who passed away at 2 a. m. at his home in Los Angeles. The event is given added sorrow by the fact that grief over the trouble that befell his nephew, Charles T. Oxman, who was recently sentenced to prison, was partially responsible for his death. He has suffered with heart trouble for a long time.

Mr. Oxman made his home in this vicinity years ago, residing in Orange and Villa Park. He left here about twenty years ago. Mrs. Tryphena Wright and her daughter, Mrs. George W. Christensen of this city are his cousins.

No arrangements have yet been made concerning the funeral.

Mrs. D. T. Bell and daughter Laura of Long Beach are visiting with local relatives.

William Kennedy went to Los Angeles yesterday and will visit nearby points for a day or two.

John Bower and family arrived in this city yesterday from Winfield, Kansas. They will spend some time here with a view of locating.

Mrs. E. A. Honey returned from San Gabriel yesterday. She has been visiting her brother for about ten days.

The Rebekahs held a pleasant meeting at Odd Fellows' Hall last evening. Several Santa Ana ladies were in attendance. At the close of the meeting the entertainment committee, Mrs. Ida E. Davis and Mrs. Nina Frank, further, served "dutch cheese," sandwiches, cookies and coffee on little tables prettily decorated in acacia blossoms and smilax. The place cards were dainty little valentines. All present report a splendid time.

Miss Peterson, a former missionary, addressed a meeting of the Missionary societies of the First Baptist church yesterday afternoon. The meeting was a very interesting one. Members of the missionary societies of the other local churches were invited and many of them were in attendance. Miss Peterson was for twenty years a missionary in Japan, but has since retired from the work. Her remarks were heard with great interest and appreciation by the audience.

B. R. Owen went to Los Angeles yesterday to spend a few days on business.

Mr. and Mrs. Wilmer Pratt of Michigan who are visiting with their son, Burr Pratt in Pasadena, were guests yesterday at the B. R. Owen home at 354 South Grand street.

Mr. and Mrs. E. G. Stinson and Mrs. Dinah Stinson left this morning for Elsinore where they expect to remain for two weeks.

C. E. Hudson was a business visitor in Los Angeles this morning. Orange received 1.8 of an inch of rainfall in last night's storm up to 8 o'clock this morning. This brings the total for the season to 17.51 inches.

Miss Helen Wyland entertained at an informal dinner party Sunday at her home on South Batavia street. The dining room was attractively decorated with poinsettias and red hearts suggestive of Valentine's Day. A delicious three course luncheon was served. Covers were laid for the following: Miss Gretta Brooks, Miss Kathryn Dyer, Miss Gertrude Cole, Miss Barkus Patton and Miss Helen Wyland.

Mr. and Mrs. H. H. Sykes, with Mr. and Mrs. J. A. Dobbs as their guests drove their new Overland touring car to Long Beach Sunday afternoon, continuing on through Los Angeles to Azusa where they stopped at the home of Mr. Richard Krebs and were delightfully entertained. The long trip was made through beautiful scenery and was highly enjoyed by the motorists.

The Fraternal Aid Union will give a 6 o'clock dinner on Thursday evening at the I. O. O. F. Hall to the Charity section of the lodge, winners of a recent membership contest.

C. B. Campbell transacted business in Los Angeles today.

Mr. and Mrs. C. P. Porter, Mr. and Mrs. Henry Meehan, Mr. and Mrs. W. A. Knuth, Miss Margaret Holditch and Will Holditch spent Sunday at Laguna Beach.

George K. Brandriff, Wm. Kennedy, J. S. Stevenson, F. E. Smith and E. H. Smith made up a party to San Gabriel Sunday to witness the Mission Play.

Mrs. A. D. Bishop spent today in Sawtelle.

Santa Ana Painless Dentists, 102 1/2 East Fourth St. Main 253.

FAIR EXHIBITS NOT COMPLETE

McDannald Writes That San Francisco Has a Lot to Do Before All is Done

Hotel Dale, San Francisco, February 15, 1915.

I am domiciled—I believe that is a good word to use at this period of my story—in this commodious hostelry, until I can find some other place more congenial to my salary. I have been told "rates" are going up a trifle after April 1. I don't know why they have selected "All Fools" day for the ascension, but may be the hotel men think it will be easier to fool "all the people" on that day, than any other. I was sorry to hear this story, and hope it isn't true, for the reason a great many people will balk at the imposition and refuse to come here to visit the fair.

It is raining without—my consent, and from the many miles of water-covered land we passed on the way up, I doubt if it meets the approval of many. In this morning's San Francisco Examiner I read a statement saying everything at the big fair was in perfect readiness for the opening. Even the minutest details had been arranged, and when the doors swing open Saturday morning, February 20, thousands of pleased visitors will behold a finished product. I went out to the grounds today, and if there is one complete exhibit, or one that will be complete on that date I failed to locate it. The manager in charge of one of the state buildings told me it would be April or May before they were ready. I went through the schools building and there was nothing complete. The Southern Counties exhibit will be as near ready as any I saw, but it will resemble some finishing touches. They all complain of being held up, either by carpenters, plasterers, painters, plumbers or electricians. Of course it's quite convenient to have some one to lay the blame on. Notwithstanding the delay it is going to be a great fair, the greatest in many ways the world has ever produced. The buildings are grand and gorgeous. They are sublime creations of the architect's skill, miles upon miles of them, and they tower skyward so many feet, I am afraid to tell you, for fear you would question my veracity. And a "Midway" there always is a Midway at every world's fair, else we had gone beyond the place where civilized and fun-loving people congregate to make merry and rejoice.

The gods of chance have flocked here from every quarter of the globe, speaking every known tongue, and using every known device to induce the unwary sucker to part with his coin. They are a hungry looking lot, too, for the pickings have not been good in that line of "industry." From what I could see today the products of the Southland will stand out in bold relief when compared with a like product from any other country or climate. Like all others of Mr. Wilson's creation it is a model of beauty, concrete and unique. Already thousands of people have gathered in the city for the opening, and every train from across the big sluggish river, brings an overflow load. I will write you more of the fair when I see more.

Yours truly,
D. W. McDANNALD.

Traffic Manager Pacific Electric Railway Company.

D. W. McDANNALD.

HIGH SCHOOL NOTES

The second semester of school opened Monday. The school program has been changed no more than is necessary to accommodate the incoming freshmen, and other students who were taking half-year subjects and five subjects. The students seem to have come back to school with renewed effort to work.

Some time ago all students of the English classes were assigned to write an article to be submitted to the Ariel. Miss Wyant, faculty advisor of the Ariel, reports that some very good material has been handed in, and the annual Ariel promises to be a good one. About the same time the Generator, the school weekly paper, ran a "short story contest." Miss Wyant states that the stories of the winner of the Generator contest will be printed in the Ariel.

The Phillips' class in dramatics has written a play, which is to be translated into Spanish by Mr. Hammond's third-year class. The weekly assembly was held this afternoon, in honor of the birthday of the country's heroes.

Miss Ely, the teacher of music of the high school, deserves much credit for inducing the board to rent a piano for the assemblies. It is an upright, and can be moved out to the open air auditorium when occasion demands it.

THE LIVER REGULATES THE BODY A SLUGGISH LIVER NEEDS CARE. Someone has said that people with Chronic Liver Complaint should be shut away from humanity, for they are pessimists and see through a "glass darkly." Why? Because mental states depend upon physical states. Bilelessness, indigestion, Dizziness and Constipation disappear after using Dr. King's New Life Pills. 25c at your Druggist—Advertisement.

EXPECTS SOON TO GET CURVE

So Far as Santa Ana is Concerned Delay Has Resulted Over the Bond

It has been some weeks since the last move was made in the long drawn out controversy between the city and the P. E. over the building of a P. E. curve at the northwest corner of Fourth and Main streets, which curve the P. E. wants, and the building of the East Fourth street P. E. line to the city limits, which extension the city desires. The city trustees and officials of the P. E. came to an understanding that the franchise for the curve would be granted and the P. E. would put up a bond to guarantee the completion of the East Fourth street line to the city limits. City Attorney Heathman objected to some two or three clauses in the bond, which the P. E. presented, and the bond was referred back to the electric railway company with a request that the clauses be changed. Nothing has been heard concerning the matter since that time.

That the P. E. expects soon to get the curve established so that through trains can be sent to Orange is indicated in the following communication sent to the Orange News by D. W. Pontius, traffic manager of the P. E.: Daily News, Orange, Cal.

On Saturday, February 6, the following schedule was placed in effect between Santa Ana and Orange, which was revised for the purpose of giving a better service in the way of making closer connections with our Los Angeles trains at Santa Ana and also provides a later connection from Los Angeles than the previous schedule.

I presume you have made mention of the new schedule through your columns before this time, but, if not, the same would no doubt be appreciated by your readers. We hope to be permitted to install the necessary connection at Santa Ana, so that through trains can be operated between Los Angeles and Orange before the great while, as through service would be a convenience to our Orange patrons as well as those residing in Santa Ana on Main street, as they would not only receive the benefit of the through service from their homes without transfer, but, in addition thereto they would receive the benefit of the same Los Angeles fare that now applies to the Southern Pacific depot in Santa Ana.

Attached hereto is a copy of the schedule in effect February 6. If there is any further information that you desire, shall be pleased to furnish the same.

Yours truly,
D. W. PONTIUS,

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and scraggy, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the tonic; you can get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," ready to use. This can always be depended upon to bring back the natural color, thickness and lustre of your hair and remove dandruff, stop scalp itching and falling hair. Everybody uses "Wyeth's Sage and Sulphur" because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant.—Advertisement.

THE CONDITIONS OF INDUSTRIAL ACCIDENTS

The enactment of laws in various states on workmen's compensation for injuries has aroused increased interest in the statistics and physical and psychic conditions of industrial accidents. The total number of these accidents is almost appalling. The lowest estimate places the fatal accidents to adult workers in the United States at 35,000 a year, with an additional 1,250,000 non-fatal accidents. The Massachusetts Industrial Accident Board, on the other hand, placed the number of workers killed by accident yearly at 75,000, which apparently includes not only adults but also workers of all ages, while the number of injured of the same classes was placed by this Massachusetts authority at 3,000,000 or over. An earthquake in a foreign country that kills half this number of persons and maims one-fifth of those injured in our United States industries is spoken of as catastrophic.

A greater proportion of accidents occur on Monday than on any other day of the week. Accidents are said to be due often to fatigue. As, after the day of rest on Sunday, workmen should be less fatigued than on other days, some other factor must be sought to explain this feature of the statistics. It has been suggested that the "blue Monday" accidents are really due to the fact that workmen take more liquor on Sunday, and thus become unsteady and more liable to accidents during the following twenty-four hours. There is, perhaps, something in this contention, says The Journal of the American Medical Association, though it has been disputed. In the Massachusetts Industrial Accident Board Reports, in which the official figures are given, there is scarcely more than one-twentieth more accidents on Monday than on Tuesday while Tuesday is not much above the average in the number of accidents reported for other days. Saturday, of course, shows a noteworthy reduction, because of the half holiday in some trades.

By far the larger number of accidents occur at about 10 a. m. and 3 p. m. This fact is confirmed by the reports of two state boards, Washington and Massachusetts. The tendency to speed up employment has been incriminated as the predisposing condition for the occurrence of accidents. This desire comes over the workman when he is not yet fatigued, but has been employed for several hours. He starts the morning's work "cold," and as he warms to his work, the danger of mischance because of haste becomes greater. Just when the speeding up reaches a climax in the morning hours, most accidents happen. The same thing is true in the afternoon. Workmen feel sluggish after their lunch, but after an hour of work warm up again, and by about 3 o'clock they are doing their most rapid work, and are at the same time more subject to accidents.

With regard to accidents among children, however, there is no hour of maximum. Accidents occur at all times, and they are comparatively much more frequent among children than adults. The United States Bureau of Labor reported that "there is clear evidence of great liability to accident on the part of children. Though employed in the less hazardous work, their rates steadily exceed those of the older co-workers, even when in that group are included the occupations of relatively high liability." This was said with regard to the Southern cotton mills, but the same thing is true of practically all industries in which children are employed.

WINTER TRAVEL

Judging by the amount of advertising done by hotels and railroads, an enormous amount of vacation travel has become customary at this time of year. Formerly most business men expected to grind through from August to August without any break. Their health has grown tender of recent years.

Hotel people are entering the business of entertaining winter company on a big scale. A place may be in the heart of the snow belt, but it freely advertises cold weather and all the ice and snow sports as an attraction. The southern resorts are spending millions on golf courses and motor roads. The Pullman cars are loaded with dyspeptic and nervous millionaires.

For summer outings northern people may settle down at some picturesque shack a few miles from home. But their longing for winter sunshine sends them across wide spaces. One learns many other things than geography by travelling. You find out that your own home point of view is not the only

one. The fellows across the country may seem hostile and unfriendly as seen through newspaper opinion. But on talking with them on a railroad train or hotel piazza, it is surprising how closely you can agree with them.

The great mass of working people unfortunately get no whiff of winter resort air, except such as comes from the travel advertising in the newspapers. But people of moderate means take these long distance trips more than they did a few years ago. They need not cost very much, compared with other things for which people spend money. The main trouble is not the price of the ticket, but getting away from work. After all our employers acquire the Henry Ford ideas, let us hope they perceive the general need for a February or March breathing space.

AMUSEMENTS

At the Temple

If you have been feeling gloomy and blue, just drop into the Temple Theatre tonight and see Edward Abeles in "The Million," a five part side-splitting comedy, and if you do not go away feeling like a new man or woman, Manager Schaffner says that your case is hopeless and non-curable. There comes a time when one needs a good tonic, and "The Million," which will be seen tonight for the last time is certainly the cure.

Thursday, Friday and Saturday the Temple will show Mary Pickford in "Cinderella."

AVOCADO BLOSSOMS AT ONE YEAR OLD

Santa Ana is becoming quite a center for the avocado and since the appearance of the article on the Carey R. Smith tree, which appeared in the Register in January and was copied by numerous papers elsewhere, quite a number of trees have been set out in various parts of the city and county, but to J. D. Parsons, 106 Chestnut avenue, is to be credited the ownership of one of the smallest trees—a one-year budded Harrison avocado that has several clusters of buds which seems to controvert the suggestion that these trees do not blossom until several years old. This novelty in the tree line can be seen tomorrow on the vacant lot at the corner of First and South Main streets, after which it will be removed to the new home.

Sixth Economics Section

The Sixth Economics Section of the Ebell Club will meet Friday afternoon at 2:30 with Mrs. F. P. Payne, 315 East Washington avenue. Roll call will be answered by dishes for convalescents.

A MADE MAN

We learn that Lincoln is to receive a tribute from Norman Hapgood presently, which ought to establish the tribute permanently in American history.

ILL ASSORTED GIFTS

The White House baby has been given a pair of boxing gloves and a pair of overalls. But he'll never be able to use both of them.

Something "just as good" at the drug store has caused many a nice fellow to take a tumble from the water taxi.

DIED

SWANNER—In Los Angeles, February 17, D. W. Swanner, aged 80. Funeral services will be held at Santa Ana Cemetery, Friday, February 19, at 10 a. m. D. W. Swanner was for many years a resident of Santa Ana, having come here in 1887, and engaged in the grocery business. For the past ten years he has been residing in Los Angeles. He is survived by five children, John A. Swanner, of this city, and Douglas, James, and Misses Radie and Jennie Swanner, all of Los Angeles.

HILL—At Bloomfield, Iowa, February 15, 1915, Mrs. Hugh Hill.

Notice of funeral services will be given later, the body arriving here next Saturday morning.

Mrs. Hill had been in the East since last December in hopes of regaining her health. Mr. Hill made a trip to Bloomfield in January, when he believed his wife's health to be improving.

BORN

BORN—To Mr. and Mrs. F. S. Stambaugh, 802 East Pine street, February 3, 1915, a son. The proud parents have named the little fellow "Virgil Leroy."

The Pan-Pacific Fair

LOCK up the house, put out the cat, discharge the hired girl, And hide the threshold "Welcome" mat and join the busy whirl; Insure the house and Nellie's hat, and sell grandmother's chair— Come take your cares and leave 'em at the Pan-Pacific Fair!

Just take the Trail of Forty-nine,
It starts from everywhere;
Just pack your grip and fall in line,
The crowd will lead you there.
For California's golden shore
Will welcome you, and thousands more.

COME, lean upon the Golden Gate, and watch the fishes play;
Come, lo! around the Golden State and you will want to stay;
Come, eat a ton of climate, breathe a bale of brand new air,
And you'll never, never want to leave the Pan-Pacific Fair.

The golden sunset points the way—
It lingers in the West
To give the land a farewell ray—
The land it loves the best.
For California waits for you,
And when you come she'll keep you, too.

Foundation Stones for Agricultural Success

[NOTE—"What are the fundamental principles of successful agriculture?" This is one of a series of articles answering that question. In these brief summaries different experts of the College of Agriculture of the University of California have set forth the basic principles of their various specialties.]

14.—GREENHOUSE MANAGEMENT

By John W. Gregg, Professor of Landscape Gardening and Floriculture in the College of Agriculture, University of California.

Good ventilation promotes the health and vigor of plants under glass. High temperatures plus an excessive supply of water produce weak succulent growth.

Sudden changes in temperature, with an irregular supply of water, render plants subject to many diseases.

Well located and dependable heating and watering systems are essential factors in the successful management of greenhouses.

The shading of plants under glass during periods of excessive heat reduces surface evaporation.

Wetting walks and general interior spraying help to lower temperature during periods of excessive heat.

Keeping all walks, benches, and areas under benches clean and free from weeds, leaves or dead or diseased plants prevents the spread of numerous diseases.

Keeping greenhouses and benches well painted preserves the materials.

W. L. GRUBB ARGUES IN FAVOR OF ASPHALT SURFACING

Editor Register: I have read the discussion now going on in your paper on the very important matter of the wearing surface for our county highway. I believe we are all satisfied that the concrete base is permanent and enduring, but the wearing surface composed of the material used now, I consider an absolute failure, and I cannot see how any fair-minded observing person can ride over our roads, covered as they are with a screened rock and oil surface, and come to any other conclusion. Observe every little depression filled with water during our late rains, as the rubber auto tires go over them; notice how the tire sucks up the disintegrated particles of rock; then when the water penetrates between the surface covering and the concrete base whole patches of surfacing are loosened. I have just come in from a drive of forty miles today (February 16) while the rain was falling, and this condition was apparent everywhere, except on those streets covered and rock surface is not dense enough, and rock surface is not dense enough, nor adhesive enough to withstand the action of the suction of the rubber tires. This kind of surface may stand dry, hot weather, but every spring the roads thus surfaced will have to be repaired or rebuilt. Can this be profitable and economical?

I do not claim that some kind of satisfactory surfacing may not be found or compounded, other than asphalt, but as yet we have not found it. The oil and rock surfacing used so far is a dismal failure and a disappointment to us all. No one claims that this rock and oil covering is anything more than an experiment. Where has it ever been tried out for any term of years under conditions like ours in Orange county? Now a word about the comparative cost of asphalt surfacing. The Santa Ana-Anaheim state highway asphalt surfacing, 1 1/2 inches, cost 3.50 cents per square foot. I believe it can be done for less. This would be \$334.91 per mile on a road 18 feet wide. Now compare this with \$1000 per mile of the miserable makeshift we are putting on. Then again consider that asphalt has been tried out, and that the best authorities give it a life of from 12 to 20 years, according to the quality and mixing of the asphalt. Furthermore, when repairing is necessary it is a simple and not an expensive operation, as our concrete base will endure for ages if it is thick enough to withstand the weight of the traffic. The city trustees discussed this matter when they considered using the oil and rock surface on West Fifth street and South Main street, and were unanimous against it on account of its lack of promise of durability. I do not hesitate to prophesy that within two years the state highway will discard this cheap, flimsy surface and be compelled to substitute something else. Shall we wait and spend our money in experiments or adopt something durable now?

I do not care to enter into a discussion as to what other roads our Highway Commission shall construct, but I would like to see them first of all finish those they have begun.

Very respectfully submitted,
W. L. GRUBB.

It Really Does Relieve Rheumatism

Everybody who is afflicted with Rheumatism in any form should by all means keep a bottle of Sloan's Liniment on hand. The minute you feel pain or soreness in a joint or muscle, bathe it with Sloan's Liniment. Do not rub it in, Sloan's penetrates almost immediately right to the seat of pain, relieving the hot, tender, swollen feeling and making the part easy and comfortable. Get a bottle of Sloan's Liniment for 25 cents of any drugist and have it in the house—against Colds, Sore and Swollen Joints, Lumbago, Sciatica and like ailments. Your money back if not satisfied, but it does give almost instant relief. Buy a bottle today.

Personals

Mrs. F. B. Browning was called north this morning on account of the death of her mother, Mrs. P. W. Butler. Mrs. Butler has visited her daughter here in the past and is known extensively hereabouts.

Mrs. A. F. Zaiser returned today from a two days' visit in Los Angeles with her sister, Miss Converse Nau, who is attending the University of Southern California.

Miss Grace Melville has returned from a pleasant three weeks' visit with her sister, Mrs. Arnold Chapman, at Redlands, California.

Sheriff and Mrs. C. E. Jackson leave tomorrow night for San Francisco, where the sheriff will attend the convention of California sheriffs.

County Auditor W. C. Jerome and former County Auditor C. D. Lester left yesterday afternoon for San Luis Obispo to attend the state convention of county auditors.

JITNEY DANCES

Tomorrow night and every Wednesday and Saturday evenings following, Chas. Fipps will conduct "Jitney" dances at Moose Hall. The same good order will prevail and the noted Per-luss Orchestra will be there.

When sitting in the office of a busy man the most entertaining individual on earth is liable to become a bore.

TO LOAN—\$3000 at 7 per cent on Tustin property. Maury & McDuffie, Phone 766.

WANTED—One-horse wagon. H. Beatty, 608 Baker St. Phone 1347-J.

The High Cost of Distribution

A SERIES—NO. FIVE

Plans of wide range are being tried, in the endeavor to bring back the old-time conditions of direct trade between producer and consumer, or at least between producer and retailer.

One method attaining some popularity is the public market idea. Farmers drive in, or send in some member of the family or hired man, with stocks of goods. Several farmers may combine to send in a supply to the stalls.

Such markets depend for their success on several conditions. The American people will not tolerate poor goods. Unless some market director has the absolute power to inspect the stock and condemn unfit articles for sale at that market, and unless he exercises that power strictly, a great deal of poor truck will be worked off. That will give the market a bad name, and outside stores will be preferred.

Another essential for success is a good system of rural transportation. If the farms supplying the market are reached only over poor or rough roads, the daily transportation of goods in small lots becomes too costly. If there is good trolley or rail connection with outlying farms, the chance of keeping up regular and fresh supplies is much better.

A third essential is that the public give up their lazy reliance on delivery wagons, and carry their own bundles.

Efforts are being made all over the country by agricultural colleges, farm bureaus, etc., to interest city people in buying from the farmer by parcel post and express. Containers are being devised to carry regular supplies of eggs, butter, chickens, greens, etc. It is asserted that a group of city families should be able to pay five cents a dozen more for eggs, five cents a pound more for butter, than the farmer now gets, and still underbid the grocer five cents each. This seems to be a hope rather than a demonstrated fact. But there is something in the idea. The retail dealer, however, if he is enterprising in seeking opportunities for direct purchase of goods, and if he uses the aid of the newspaper to reach out and broaden his trade, occupies an impracticable position.

ALTAR SOCIETY MEETS

Members Complete Plans For Silver Jubilee to Be Held March 1

The Altar Society met yesterday at the pleasant home of Mrs. R. R. Shaffer, 413 South Sycamore street, with Mrs. Shaffer and Mrs. L. M. Doyle as hostesses.

Dainty sprays of peach blossoms had been artistically used in decorating the rooms where the ladies spent a gay afternoon sewing carpet rags. Over their needlework the ladies finished making arrangements for the jubilee celebration which will be held March 1 at Elks' hall. Jubilee Mass will be held that morning at 10 o'clock, at which many visiting priests, including Right Reverend Bishop T. J. Conaty, will be present.

Miss Mildred Murphy sweetly sang the beautiful "Rosary" and also entertained the ladies with several piano selections during the afternoon and the hostesses rewarded the busy workers with an appetizing repast of hot wieners and bun sandwiches, pumpkin pie and coffee.

Father Kummelen was an honored guest of the Altar Society and among the members present were Mesdames Charles Bevis, Thomas Keefe, Horace Fine, Olive Lopez, George Young, Mayme Murphy, Louise Waite, John Rudolph, C. V. Davis, Chas. Schmiedberg, J. A. Maag, H. G. Van, Clyde Holt, Sieland, and Misses Koenigseder, Clarice Keefe, Mary Maag, Anna Oelke and Mildred Murphy.

—O—

To Exemplify "Order of the Temple"

The officers of the Santa Ana Commandery and as many Sir Knights as are able to attend will go to Los Angeles tomorrow afternoon on the 4:25 car, the local commandery having been asked to put on the "Order of the Temple" for Los Angeles Commandery No. 9.

ROULETTE-ROMPF

Charming Missouri Lady Weds Prominent Orange Rancher; Pretty Evening Ceremony

The beautiful parlor in the residence of Mr. and Mrs. George V. Coutts, was the scene last evening of a very happy event when Miss Elizabeth Roulette of Sedalia, Mo., became the bride of George W. Rompf, of Orange.

The unusually large room was completely lined with callas. Marguerites, wild mustard and smilax—a fitting background for the pretty ceremony. During the entrance of the party, "Because" was beautifully rendered by Mrs. Minna Roper Vierson.

The bride looked very lovely in a gown of a soft creamy material combined with messaline and elaborately trimmed with lace. She carried a bouquet of long-stemmed violets, which was later caught by Miss Patterson.

After the ceremony, which was performed by the Rev. D. Scarborough, a delicious wedding supper was served, during which a bride's cake was cut and tasted by all, to say nothing of the pieces carried home to be slept on by the younger guests.

Later in the evening the party enjoyed a great treat in the form of more singing by Mrs. Vierson, and several readings by Mrs. Vian.

The newly wedded pair finally departed amid a shower of rice and good wishes. After a trip to San Diego, Mr. and Mrs. Rompf will be at home to their friends at their home in Orange where Mr. Rompf has an orange ranch.

BOOK REVIEW SECTION

A. J. Crookshank Gives Excellent Review of 'The World Set Free' at Tedford Home

The book review section of the Ebell Club met last evening with Mr. and Mrs. Walter Tedford and listened to a review of H. G. Wells' "The World Set Free" given by Mr. A. J. Crookshank.

The reviewer said that in analyzing the above-mentioned novel, he soon found that it was characterized by such a fullness of detail as to render it difficult to successfully epitomize, and he therefore contented himself with rendering such selections from the book as would give his hearers a definite idea of its scope.

From these selections it appears that this English author, Wells, somewhat like the French author, Jules Verne, finds in the researches of science and in modern inventions fit subjects for romancing.

This book, then, is both scientific and socialistic in its nature and prophetic of how the wars of the future will be carried on, together with the terrible consequences of scientific warfare.

The author harks back to the primitive cave man, who, little by little, learns how to use fire for warmth and cooking food, clay for making utensils and iron for weapons, and traces his history upward.

Special attention is given to the derivation of different kinds of power which are employed by man to do his work, and having given the history of steam power in the past, as well as gasoline and electric power in the present, the author takes the activities of radium for a foundation and upon it builds a romance of the future.

He tells us that the atom which we have been taught to regard as the ultimate component of all substance is not a hard unit like the bricks with which houses are built, but rather a treasure house of energy. By the action of radium and kindred chemical elements the atom is broken up and its disintegration produces heat and energy undreamed of by man in the past, so that in 1930, the year in which the author assumes the events of his book are taking place, an atomic engine has been evolved which takes the place of all former means of power and makes a revolution, both economic and social, in the adjustment to new conditions, much suffering is experienced by those dependent on the coal, steel and kindred industries, just as there was in some quarters when the automobile replaced the horse.

Another startling use of radio-activity is the manufacture of gold from bismuth; in fact, gold becomes a kind of waste product or by-product secured while using the atomic energy.

The author then goes on to relate the history of the last war to be held on this planet, which is rendered unthinkably horrible by means of a new explosive, carolinum, which, unlike dynamite, so instantaneous in its action, is a CONTINUOUS explosive; i. e., it retains its explosive, rendering burning powers for seventeen years almost undiminished, and in a lesser degree for half that period again. Carolinum in bombs is dropped from aeroplanes by the combatants of this world war upon all the principal capitals until they are not only reduced to ruins but surrounded by bomb-infested territory where flames and noxious gases issue from the bombs below the surface as from miniature volcanoes, continuing for years.

Conditions become so insufferable that it is seen that the whole world must combine to get rid of this terrible element, carolinum, and at the call of an indefatigable Frenchman named de Blanc, who is ambassador at Washington, the various kings of the earth are induced to abdicate and the various kingdoms are joined into a great world state.

This universal democracy is a socialistic Utopia in which many reforms long contemplated are brought to pass. Thus the author reaches a similar attitude to that of Edward Bellamy in "Looking Backward" and indeed, the last chapter is devoted to the reminiscences of the hero, Marcus Kerwin, who "looks back" from the "experiences of the future and tells us of things we have only realized in our dreams.

HONOR FRANCES WILLARD

Memorial Services of W.C.T.U. Are Beautifully Impressive; Excellent Address Given

The W. C. T. U. held a beautiful memorial and crusade service yesterday afternoon at the First Congregational church. Mrs. Elizabeth Mills had charge of the program, and opened the meeting by reading the Crusade psalm. Mrs. E. J. Gowdy, one of the old Crusaders, not being able to be present, sent a message which was read by Mrs. Mills. There are only four of the Crusaders who, at present, are members of the union, these being Mrs. Elizabeth Mills, Mrs. E. J. Gowdy, Mrs. Susan Burns and Mrs. Stubbs. Mrs. Mills was the only one of the Crusaders present.

Rev. P. N. Schrock, pastor of the Congregational church, led very appropriate devotional services, followed by the singing of the hymns, "Blest be the tie that binds," and "Crusaders." The beautiful solo "Abide With Me" was wonderfully well sung by Lou P. Hickox. Mrs. Padgham playing his accompaniment.

The feature of the program was the eloquent address on The Life and Works of Frances Willard, by Rev. F. M. Dowling, pastor of the Christian Church of Fullerton. The address was one of much thought and study and brought out, very vividly, the life and works of this wonderful woman who stands as the ideal of all women.

Dowling is an orator of great ability and important points in Miss Willard's life were brought out with much force. At the close of this splendid address, Mrs. Maude Winbiger sang "Shadows."

Mrs. Mills spoke on the Willard Memorial Fund which is used to further the work started by Miss Willard. Every union sends two dollars on Willard Memorial Day and a collection for this purpose was received yesterday. The program was very fittingly closed by Mrs. Ella Fyfe, sweetly singing "Crossing the Bar." Mrs. A. J. Padgham was pianist for the afternoon.

Mrs. E. B. Norman, Mrs. W. B. Tedford and Mrs. C. P. Hill were appointed a nominating committee, and the election of officers will take place on March 9.

The next meeting will be on Tuesday, Feb. 23, at the home of Mrs. J. N. Anderson, 501 Wellington Ave. The subject will be "Medical Temperance" and those in charge of the program are Mrs. J. N. Anderson, Miss Nora Davies, Mrs. Carrie Watson, Mrs. A. H. Theal, Mrs. W. O. McLeod and Mrs. H. J. Forgy.

—O—

Jefferson P-T. Meeting

The regular meeting of the Parent-Teacher Association of Jefferson school will be held in the kindergarten room of the building tomorrow afternoon at 2:30 p. m. A large attendance is desired.

An interesting program has been prepared. Mr. Clayton of the high school will speak on "Punishment," and a reading will be given by one of the high school students.

Mrs. J. M. Cain, president of the association, will present a picture to the school, which will be hung in the room having the largest number of parents present at the meeting. This room will hold the picture until next meeting, when the room with the largest attendance of parents will have it for the following month.

A social time is expected, when light refreshments will be served.

—O—

Dedication of New Stations

For some months M. Ravenstein, a talented artist, has made his home here while painting the fourteen beautiful stations of the Cross, which are always to be found in every Catholic church. There are few edifices, however, which can boast of such splendid ones as St. Joseph's and they are being greatly admired by all lovers of art.

The pictures are now finished and will be dedicated next Friday evening at 7:30 o'clock by Franciscan fathers, including Father Theophilus from St. Joseph's, Los Angeles, who will preach the dedicatory sermon. Special music will be rendered.

On March 2, the silver jubilee of Monsignor Kummelen, pastor of the local church, Right Rev. Bishop Conaty will be here. Interesting ceremonies are being planned for the event.

Two interesting lectures will be given at the evening school to which the public is invited. The first lecture will commence at 7:40 in room 231, when a talk on salesmanship will be given by Lawrence A. Lewin of Brownstein-Lewis Company of Los Angeles. Mr. Lewin is one of the leading wholesale dry goods salesmen on the coast.

The second lecture will be given by A. W. Stewart of the Orange County Savings and Trust Company, before the class in business law, on the subject of "Banking Laws." This will come at 8:30 o'clock. The night school enrollment is 1216 and the day school reached 805 yesterday.

—O—

Informal Dinner Party
Mr. and Mrs. George Briggs of North Broadway, entertained last evening with a deliciously informal dinner party and evening at cards.

Golden joupils decorated the exquisitely-appointed dinner table where pretty cards marked the place of each guest.

Whist was the after-dinner diversion at which Miss Lela Patton won the laurels.

Among the guests who enjoyed the informal evening with their hosts were Mr. and Mrs. Charles Kelly, Mrs. Margaret McClintock, Mrs. J. C. Pot, Misses Annette and Cora McClintock, May and Lela Patton.

—O—

An Inspiring Organ Recital
To those who were privileged to hear Dean Bode's organ recital at the Church of the Messiah Tuesday afternoon, under the auspices of the Woman's Auxiliary, a great treat was theirs. Dean Bode, rector of St. Luke's, Long Beach, is an accomplished musician and composer. Two selections of great interest were his own compositions. The dean's address on Missions, from his own personal experience in Australia and in the Middle West will long be remembered by those present as most inspiring.

The following program was rendered: Andante from 4th Organ Concerto (Handel), Gavotte from Paris and Helen (Gluck), March in D minor (Arnold Bode), Irish Folk Song, Marche aux Flambeaux (Clark), Melody (Bode).

—O—

Pretty Birthday Party
Little Miss Evelyn Sherrill celebrated her fifth birthday yesterday afternoon by inviting a number of her little friends to her home on East Third street.

A joyous afternoon was spent in playing the usual games that children love to play.

The little hostess received many pretty gifts and at the close of the jolly afternoon were invited into the dining room to partake of dainty refreshments of ice cream and cake.

The table was prettily decorated with lovely violets, each place being marked with a tiny Valentine.

The little guests present were Mildred Beatty, Sadie Young, Anna Grace McElree, Cornelia McElree, Elizabeth Beal, Solon Beal, Howard White, Willard White, Loron Bishop, Ruth Bishop, Willis Sherrill and Evelyn Sherrill.

AT ALEXANDER HOME

Farewell Reception Honors Popular Retiring Postmaster; Welcomes His Successor

The spacious home of Mr. and Mrs. J. E. Alexander, 1018 Spurgeon street, decorated with fragrant violets, was the scene of a merry gathering last night, when members of the local post office force joined in giving the popular retiring postmaster, Linn L. Shaw, a farewell reception, the pleasant affair also welcoming the new postmaster, C. D. Overshiner. The wives of the post office employees were also present.

The program was in charge of Martha Warren, who has often proved herself a "star" in the line of entertainment, and a variety of games made the hours fly swiftly by.

After the merry games, Mr. L. Harvey, in his usual genial manner, presented Mr. Shaw with an "autobiography," which was highly appreciated, though Mr. Shaw seemed to be confident that it was much too small to carry the flock of customers whom he hopes will patronize him in his new real estate business. The "real" article, a handsome new office desk, was next presented to the retiring postmaster, whose service for the past twelve and a half years has been so efficient and whose companionship has been greatly enjoyed by his co-workers.

Mr. Shaw voiced his sincere appreciation for the two appropriate gifts, and also responded with the interesting history of the local office since he had taken charge of it many years ago. He called attention to the increase of the post office department on account of the great growth of Santa Ana's population. His successor, C. D. Overshiner, also made a pleasing talk.

Frank Canon contributed to the evening's pleasure by playing several instrumental numbers; G. Gibson gave an excellent reading, and the honored guest, Mr. Shaw, pleased with a solo, Refreshments of delicious cake, ice cream and fruit cake were served by Mrs. Alexander, assisted by Mrs. Chas. Adams and Mrs. Ida Bird, this feature closing the delightful social evening.

—O—

Picnic at County Park

This is the closing week of the successful Bible school which is conducted annually on the same plan as other day schools by Evangelist G. W. Riggs at the Church of Christ, corner of Broadway and Walnut, and as some of the students will soon be leaving for homes in other cities, the students planned and carried out a most enjoyable picnic at the Orange County Park Saturday, February 13.

They assembled at the church at 7:30 and made the trip in a roomy hay-rack. The day was warm and sunny and very pleasant for picnicking, the merry young folks spending much of the day learning to row on the lake, which pastime bids fair to be a popular attraction for picnic parties this season. The older members of the party busied themselves preparing an appetizing dinner consisting of salad, sandwiches, sauerkraut, pickles and doughnuts served with fresh roasted wienies, potatoes, coffee and buns.

The members attending were Misses Mae Wallace, Blanche McCay, Lola Bullock, Bessie Hobson, Clara Walton, Alpha Porter, Marie House, Mary Galloway, Messrs. George Nickle, Paul Wheeler, Vernon Boase, Wm. Greene, Orlio Badders, Earl Pittman, Lorne McCay, Mr. and Mrs. Oswald and Mrs. U. G. Lyttell. The invited guests of the students for the day were Misses Mae Walton, Eunice Stockton, Evalina Hobson, Ora Hobson, Violet Wilson, Dr. U. G. Lyttell, Messrs. Ralph Chase, Silas Wheeler, Nathan Hobson, Charlie and Harold Bullock, with Mr. and Mrs. C. C. Condra acting as chaperones to the party.

—O—

Excellent Address by Coast Missionary

The regular monthly meeting of the Ladies' Missionary Society of the First Baptist Church was held yesterday afternoon in the Sunday school room of the church. Every officer was present.

The meeting was opened by the president, Mrs. O. S. Catland, and the hymn, "Jesus is All the World to Me," was then sung, with Mrs. Frank Harris as pianist.

Devotional services were in charge of Mrs. White and Mrs. Germain of Garden Grove offered an earnest prayer. "Send the Gospel Light" was also sung by the enthusiastic company, and after a short business meeting Miss Mayme Havens sang a charming solo.

Mrs. Catland introduced the speaker of the afternoon, Miss Anna Petersen, one of the coast workers, who gave an interesting account of her work in Japan, Cuba and United States, her instructive talk showing how little is known of the work and the workers on the mission field, by those in the homeland who are really trying to help in this great work.

There was a good attendance, though the rains prevented many from hearing the excellent program.

—O—

To Wed in Near Future

Miss Mary E. Bryant resigned Saturday, from her position as stenographer at the Orange County Highway Commission office, her successor being Miss Blanch Bergman.

Cupid played a prominent part in the cause of Miss Bryant's resignation and the marriage date is set for February 24, the lucky "man in the case" being Mr. Farnsworth of Topeka, Kansas.

This charming young lady made many friends, during her two years of efficient service in the Orange County Commission, who join in wishing her a happy future.

—O—

The table was prettily decorated with lovely violets, each place being marked with a tiny Valentine.

The little guests present were Mildred Beatty, Sadie Young, Anna Grace McElree, Cornelia McElree, Elizabeth Beal, Solon Beal, Howard White, Willard White, Loron Bishop, Ruth Bishop, Willis Sherrill and Evelyn Sherrill.

—O—

DELIGHTFUL AFTERNOON

Past Matrons Entertained at Barker Home—Small Son Aids Serve Refreshments

A profusion of beautiful dark red roses decorated the home of Mrs. W. D. Barker, where the Past Matrons Association, O. E. S., held a delightful meeting yesterday afternoon.

A short business session was held, after which the remaining hours were devoted to needlework, the congenial company thoroughly enjoying a social chat.

Later in the afternoon the hostess, assisted by her manly little son, Lyman, and Mrs. Ed. Vegely, served a delicious two-course collation on individual trays.

Mrs. M. L. Palmer and Mrs. J. G. Mitchell were guests of the Past Matrons at this pleasant open meeting, and among the members present were Mesdames George Balderson, W. D. Barker, W. M. Clayton, Ida E. Dunes, S. J. Evans, F. L. Norton, W. S. Peck, H. H. Reeves, Sam Reinhaus, Chas. E. Ruddock, W. H. Thomas and W. L. Tubbs, and Miss Mary Cotter.

The meeting adjourned to be held next time, March 16, with Miss Mary Cotter as hostess, at the home of Mrs. W. L. Tubbs. This will be a closed meeting, when election of officers will be held.

—O—

O. C. B. C. Holds Merry-making

Forty-five young people of the Literary Society of the Orange County Business College held an enjoyable entertainment last night at the college.

The "great magician, Raymond II," alias Raymond Beebe, gave an exhibition that would have been a credit to high-class vaudeville, and afterwards Mr. Beebe proved to be a musician of equal talent. He delighted the audience with twenty-five consecutive numbers, all given from memory.

The debate, "Shall the Peanut Trust Be Abolished," proved very interesting, and, needless to say, the affirmative side, upheld by William Mattocks and Joe Whelan, won over the negative side, championed by Martin Biggs and Ed Mattocks.

Miss Mable Green gave an excellent piano selection and a variety of games rounded out the entertainment, closed with the serving of refreshments.

—O—

Farewell Dinner

The children and grand-children of Mr. and Mrs. G. W. Baker gathered at the Baker home, 2007 North Bush street, for a family reunion Sunday.

Seventeen grand-children and five children of this couple enjoyed the sumptuous dinner, which was given as a farewell to Mr. Frank Baker and his two sons, who leave in the near future to make their home on a Kansas farm, recently purchased by Mr. Baker. The latter has been a prominent business man in Santa Ana and Los Angeles for the past eleven years, and though his many friends wish him success in his new undertaking, they predict his return to Sunny California within a year.

AT ELKS' HALL

B. P. O. E. Hold Special Meeting to Initiate Candidates; 'Feed' Afterwards

The "Best People on Earth" held a special meeting last night for the purpose of initiating a number of candidates, among whom were Messrs. Dean Johnson, Walter Eden, Arthur E. Koepsel, J. L. McBride, C. E. Jackson, J. R. Fowler, E. C. S. Pomroy, D. C. Willson, R. Isaacson, E. L. Roberts, George A. Miles, Richard F. Cribardo, Jas.

A Potpourri of News and Views

(From Los Angeles Financial News.)

Greater Prosperity Than Ever

"The United States is now on the verge of greater prosperity than ever before. The depression due to war in Europe is now practically a negligible quantity in this country." This is the message which Secretary of the Treasury McAdoo gives to the country. He made the statement while in Los Angeles en route to the San Diego Exposition where he officiated as the official representative of President Wilson. Continuing the Secretary said:

"Before war was declared the United States was just entering what would have been a period of greater prosperity than this country had ever experienced. Everything was shaped exactly right for such a period. Then came the war in Europe. The immense cotton crop was left on the hands of the planters, as we know. The country has not been able to do near the steel trade with the belligerent countries as heretofore. A depression followed. Now that depression, due to the European war, is practically a negligible quantity in this country. Money is more free. The country's finances are daily acquiring a more sound basis.

"The United States is awakening to the fact that she can now not only supply the demand for her own products, but that she has a vast quantity of products over and above this demand with which she can build up a great export trade.

"The rate decision has cleared the way for the railroads. They should do well from now on. Everything points to a prosperity greater than that expected before war was declared. Whatever depression had been experienced in every section of the country has been but temporary and will soon be forgotten in the rapid approach of general business good times.

"Financiers, officials and business men in general, are greatly optimistic over the bright outlook for 1915 and have already forgotten the effect the European war has had upon their businesses and affairs. One of the country's most important moves is the establishment of export trade with every possible nation and as this trade increases, the business conditions and prosperity of the country will be bound to increase. I cannot go deeper into the big subjects now confronting our government.

"Of course, what people want to know is what the financial and business conditions are and what the outlook appears to be. The outlook is excellent as I see it. The United States has never had such a chance to become a great power as that which confronts it now in the disposal of the large extra amount of home products for which there is no demand within its own boundaries. And it is beginning to take advantage of this.

Why U. S. Depends on Foreign Capital

Why the United States depends on European capital is shown by N. M. Avery, President of the German American Trust and Savings Bank of Los Angeles. He was speaking on "How Saving Would Make Our Country More Prosperous or the Relation of Saving to General Prosperity." Said President Avery:

"Statistics inform us that in foreign countries a much larger proportion of the people have savings accounts in the banks. For example, in fourteen of the principal countries of the world an average of 35.2 out of every 1000 have savings accounts; while in the United States only 9.9 in 1000 are so thrifty. On the other hand the average savings deposit in those countries is smaller than in the United States. But this only shows that in the United States persons having small incomes are not so largely patronizing savings institutions.

"Five billion dollars of American securities is held in European countries. This means that those nations are furnishing the United States with the capital to carry on their industries. Further it means that the people of those countries are doing more saving in proportion than the people of the United States. Now suppose that the people of the United States during their history had saved just twice as much as they had, the result would be that instead of depending on other nations for our supply of capital we could not only be furnishing our own capital but also to some extent that of other nations.

"Now when we use the capital of other countries we pay them a premium for such use in the shape of interest. If we use our own capital we pay that interest ourselves. That is, it would make more capital, and consequently greater activity among our factories, our railroads, and consequently of our workers. Our income and activity would be still further increased if we should supply capital to other nations. The final result of this analysis is, therefore, that when the people of this country are saving their money, they are providing more work, that is more of the comforts and necessities of life for themselves."

About State Banks

The State Banking Department has granted a certificate authorizing the San Bernardino County Savings Bank to operate branch banks at Colton and at El Alto, San Bernardino county.

The branch office of the State Bank of Pomona, at Lordsburg, Los Angeles county, has voluntarily retired from business.

The State Banking Department has granted a certificate to the Pasadena Savings and Trust Company authorizing a change of name to Pasadena Trust and Savings Bank.

Southern Pacific Earnings

The Southern Pacific Company reports for December and six months as follows:

	1914	Decrease
Railway operating rev.	\$9,397,194	\$1,236,318
Railway operating exp.	7,000,643	745,303
Net operating revenue	2,396,550	510,515
Railway tax accruals	200,902	134,019
Ry. operating income	2,195,648	382,744
July 1st to December 31st:		
Railway operating rev.	\$67,455,081	\$5,923,089
Railway operating exp.	44,259,922	2,825,571
Net operating revenue	23,195,159	3,097,518
Railway tax accruals	3,295,411	220,219
Ry. operating income	19,900,000	3,101,241

Oil Shipments from Tampico

All oil companies at Tampico are making shipments except the Huasteca Petroleum Company, against which the Carranza embargo has not been raised on account of the alleged non-payment of taxes. The State Department has been advised.

Changes in L. A. Public Utility Board

Commissioner Fulton Lane has been elected President of the Los Angeles Board of Public Utilities and Consulting Engineer Franklin D. Howell made Chief Railway Engineer of the Railway Bureau of the department.

Heavy Orders for Rails

During the present month railroads have contracted for 225,000 tons of rails.

Troubles of General Petroleum

Andrew Weir is again coming to America, in fact he is now in New York, and bondholders in the General Petroleum Company are hoping that matters in connection with a reorganization of the company will materialize. The San Francisco Chronicle, speaking of the reorganization plans says:

"A. L. Weil, counsel for the General Petroleum Company, has left for New York, where he expects to meet Andrew Weir, who sailed from England on Tuesday, and close the negotiations for the reorganization of the company. At last conference in New York, Weil met Weil and the New York interests who hold many of the bonds in addition to the \$2,000,000 notes. Certain plans were then and there agreed upon and Weil as well as the New York interests had every reason to believe that they would be put in writing and signed. Although Weil returned to England, he left behind a private solicitor with a power of attorney and nominal authority to sign for him the plan adopted in conference.

"Although it has been impossible up to this time to induce Weil to state his specific objections to the plan, he has managed to avoid placing his name to any document, either directly or through power of attorney, that would irrevocably commit him to the plan. But the impression has been permitted to sit in on his associates that he would like to do a little better in this direction and a trifle better in that. His associates are not certain but what they would be willing to meet all his objections, provided he would state them, but feel that the time for him to have raised questions was at the original conference in New York.

"Weir, through his syndicate, advanced to the General Petroleum Company at various times an aggregate of about \$1,900,000. As a partial balance, he owes the General Petroleum Company, on the Union Oil option, about \$950,000, leaving \$950,000 still due him. As his plan of reorganization went awry, the trust company could not hold the deposited bonds, and his security is no better than the general credit of the company. As the company has \$12,500,000 bonds in default, it follows that this credit is not high.

In this dilemma Weil agreed to accept for his credit of \$950,000 petroleum to be delivered from the company's surplus at a stipulated price, said to be a price such as the company would be willing to accept from any customer. Meantime Weil is an unsecured creditor of the company. The reorganizers contemplate on behalf of the bondholders a foreclosure of the mortgage."

New Era for America

Illinois Bankers Association gave its annual dinner in Chicago Wednesday evening. Among the guests was Dr. Edward E. Pratt, chief of the Federal Bureau of Foreign and Domestic Commerce. In the course of an address he said:

"For the first time in history the United States is experiencing the sensation of a real trade balance in its favor. As a result of the developments abroad during the last six months, we have turned the corner and are facing a new era of business expansion in this country—an era which has made the term 'home market' obsolete and archaic and put in its place the unfamiliar term of 'world market,' while the export excess in favor of the United States had ranged annually for fourteen years from \$250,000,000 to \$650,000,000 'invisible factors' had made this only an apparent favorable balance.

"Foreign investment in the United States, totaled \$7,500,000,000 with an annual interest of \$350,000,000 constituting a fixed charge on American industries, while American investments abroad produced a revenue yearly of only \$75,000,000, reducing the balance against the United States on this count to \$275,000,000. Moreover American tourist traffic poured millions into European coffers each year. The 1914 figures being approximately \$285,000,000; foreignborn Americans sent home annually at least \$150,000,000, and foreign shipping companies collected freight from American foreign commerce amounting to \$25,000,000 a year.

"The result of all these invisible factors during the fiscal year of 1914 had been to produce an actual excess of remittances over receipts of \$55,000,000. The change began on July 1, 1914, and by December 31, last year, the trade balance exceeded remittances by \$133,000,000, due to the huge exportation of foodstuffs, merchandise and gold and silver. At the same time came a period of export capitalism, and we are just at the point of expanding into the world's markets." To illustrate 'export capitalism,' Dr. Pratt cited the Swedish loan of \$5,000,000, the Argentine loan of \$15,000,000, and the Russian loan of \$25,000,000, all floated in this country during the last six months.

Tuna Exchange Incorporated

Packers of Tuna in San Pedro, Long Beach and Wilmington have incorporated the Tuna Exchange with a capital of \$50,000, of which \$17,000 is paid up, the object being to supply all the canneries with fish and to finance fishermen who desire to build new boats and nets and make payments in fish. The officers are Wiley B. Ambrose of the Southern California Fish Company, president; B. C. Ward of the United Tuna Packers' Association, vice-president; W. J. King of the White Star Canning Company, treasurer, and Gilbert C. Van Camp of the Van Camp Sea Food Company, secretary. The pack for this season, now practically closed is over 300,000 cases valued at \$1,500,000. One hundred fishing boats are engaged in the industry and 1000 men and women employed.

Gasoline Price Tumbles

Gasoline can now be purchased for 8 1/2 cents per gallon wholesale in California, which is the lowest price on record, the cut to this figure having been made by the Standard Oil Company. The independent refineries, according to George C. Calhoun, who is president of an independent refinery in Kern county will be forced out of business if these low prices prevail very long. He favors the proposed law making oil a public utility and thereby placing the business under the control of the State Railroad Commission, and declares that unless some such action is taken to insure fair earnings the refining business will soon be in the hands of the Standard. Within the past twenty months the price of gasoline has been reduced from 22 1/2 cents, wholesale, to the present price.

Shipments By Parcel Post

During the year 1914 there was shipped by parcel post according to figures from the postoffice department, one billion packages of which one hundred million packages, one for every man, woman and child in the United States, was sent during Christmas week.

Austrian War Loan

Subscriptions for the Austrian war loan, it is officially announced, amounted to \$670,000,000. Of this sum Austria contributed \$433,000,000 and Hungary \$237,000,000.

Gold for the Turks

Germany has sent \$15,000,000 gold to the Turks, the last consignment of \$5,000,000 having been shipped this week.

A LIVE SPORT LETTER

By Hal Sheridan

NEW YORK.—Unless some of the magnates in the National League get chilly feet and start a retrenchment policy at this late hour the old circuit is going to get away from the pole in the pennant fight this year with less shake-ups in the managerial department than it has for several years.

Only two new skippers are noticed collecting their cohorts for the Southland trip this season. Pat Moran has taken the place of sore-topped Charley Doin at wielding the baton over the Phunny Phils, and Rajah Bresnahan, the portly ex-director of the Cards, is going to take a whirl at the Cubs.

Rajah is no stranger to the National League strategists, if there be such things. His methods were pretty well noised around when he was serving a St. Louis sentence and also while he was with the Cubs last year.

Moran is somewhat of an unknown quantity. But looking over the nucleus he has to start with, it doesn't appear as though he were going to put very many straws in the paths of George Stallings, Jawn McGraw and the rest of the crew. The Phils' two mainstays with the stick, Sherwood McGee and Hans Lobert, have been let go in trades to Boston and New York.

His pitching staff from this early viewpoint doesn't look calculated to make the other managers green with envy, especially when it is considered what backed it up. Grover Cleveland Alexander is, of course, the real noise. Rixey and Mayer should prove good men; Demaree is rather an unknown quantity.

Bresnahan is more fortunate. He is taking the field with practically the same crowd he worked with last year and one that on paper should be a contender all the way. Pierce, Lavender, Vaughn and Cheney with several others make a pitching staff that can't be sneezed at and the batting and fielding strength is back of it.

SPORTLETS

Due Saturday

Twenty-five White Sox left Chicago last night for San Francisco, where their special train is due Saturday. They leave the Golden Gate city the morning after their arrival for Paso Robles for a two weeks' conditioning season.

Nothing Doing

That the Coast League would not be made a major league was announced by Ban Johnson on his arrival in San Francisco last night. Johnson and Charles A. Comiskey, owner of the Chicago Americans, were accompanied by their wives.

Retired

"Home-Run" Baker has announced his retirement from baseball to devote all his time to farming his Maryland acres.

Championess

Mary Browne, the Los Angeles girl who has been national tennis champion for three years, will play in the midwinter tournament at the Virginia Hotel, Long Beach.

Yoi! Yoi!

A dispatch in a morning paper states that "Gumbo" Smith and not Jack Johnson may box Jess Willard at Juarez on March 6. Johnson is in Havana, the wire reads, and intends to stay there.

Early Birds

The Federal League may get into action a few days earlier this season than the other major leagues. They have given up any intention of invading New York and no franchises other than from Kansas City to Newark have been transferred.

Amicable

Cap Dillon's visit to Laguna, ending yesterday afternoon, resulted in the statement by him that Clarence Brooks had finally agreed on the terms to be stated in the backstop's 1915 contract, though Brooks has not yet signed.

Phone us for any kind of electrical repair work. Prompt service. Big reductions on portable lamps. ROBERTSON & PACKARD.

LOS ANGELES PRODUCE MARKET

The only startling market change yesterday morning was in the grain list, where barley, bran, shorts and wheat dropped 10 cents a hundred pounds. This came rather unexpectedly, despite the small declines reported in the East, which yesterday were largely recovered, according to early reports. The new price on wheat is \$2.80, on rolled barley \$1.80, on bran \$1.85 and on shorts \$2.15. The high price of these products has caused a decided decline in demand. Farmers and those using grain for feed have turned to cheap alfalfa and other hay where this can serve.

The egg market went to 25 1/2 cents on case count, despite the fact that 727 cases were reported in. In the north were no change, quotations standing still for a day.

The onion market continues weak, despite lighter arrivals. The demand for seed potatoes is still good. Rain is delaying planting considerably. Spuds for immediate consumption moved slowly.

Rheumatism Sprains Lumbago Sciatica

Why grin and bear all these ills when Sloan's Liniment kills pain?

"I have used your Liniment and can say it is fine. I have used it for sore throat, strained shoulder, and it acted like a charm."—Allen Dunn, Route 1, Box 88, Pine Valley, Miss.

"I am a painter and paperhanger by trade, consequently up and down ladders. About two years ago my left knee became lame and sore. It pained me at nights at times till I could not rest, and I was contemplating giving up my trade on account of it when I chanced to think of Sloan's Liniment. I had never tried it before, and I am glad to state that less than one 25c. bottle fixed me up apparently as good as ever."—Charles C. Campbell, Florence, Texas.

Facts are Facts

because if anything or conditions that actually exist. The statements we've been making from time to time regarding conditions in the Templeton-Paso Robles district—(climate, fertility of soil, advantageous location as to market and social conditions, rainfall and wide range of products,) have been statements of facts, sometimes disputed by parties who have no knowledge of the facts, or have only made an indifferent investigation, but facts nevertheless.

Our statements of the probable future of the district have, of course, been predictions based upon those facts and our observations of what has taken place in many other fertile sections of California. Every forecast made by us as to the future of the locality is being more than justified by the happenings of the past two years, at a time too, when development in many localities has been at a standstill or slipping back. Most of the development now being done there, with the exception of an eight million dollar project, is by men from Orange county and other parts of Southern California, mostly men of the hard-headed "show-me" type who know fruit and nut growing and California conditions.

We're Right

we know we are right and will be glad to tell you about this wonderful country and talk land to you—large or small parcels, improved or unimproved, fruit, nut, general farming, or stock ranches.

BUILD GARAGE FOR MACHINES OF THE COUNTY

Board is Considering Plans to Put Up Structure for Autos and Trucks

The Board of Supervisors is considering the advisability of building a county garage in which the county's automobiles and auto trucks may be kept and cared for. In fact, the matter has gone beyond the question of advisability. It has been decided that a garage shall either be built or leased. At the present time the county owns

NOSE CLOGGED FROM A COLD OR CATARRH

Apply Cream in Nostrils To Open Up Air Passages.

Ah! What relief! Your clogged nostrils open right up, the air passages of your head are clear and you can breathe freely. No more hawking, snuffling, mucous discharge, headache, dryness—no struggling for breath at night, your cold or catarrh is gone.

Don't stay stuffed up! Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, giving you instant relief. Ely's Cream Balm is just what every cold and catarrh sufferer has been seeking. It's just splendid.—Advertisement.

S. B. Schumacher
215 East Fourth Street.

three automobiles and two auto trucks, and there is a possibility that the county will soon buy a machine for the use of the sheriff's office. Storage and repair bills have been getting to the point where the supervisors believe it would be good business to have a county garage.

At the meeting of the board yesterday, Vaffie & West sent in a written offer to build the county a 50x53-foot garage at 422 West Fifth street, to be rented to the county for \$40 a month.

Rejects the Bill

The board rejected a demand of \$466.24 put in by Withers & Crites, paving contractors who built the Olinda road. The money was paid out by the supervisors on demands put in for labor by some of those employed by Withers & Crites.

Max Huberman was given an extension of thirty days on his contract to pave Bradford avenue, Placentia, and W. J. German an extension of thirty days on a bridge contract. Bad weather has held the work back.

The petition of George H. Schroeder and others for a road in the Fullerton district was granted.

The petition of M. J. Smith to vacate a street in the Lowell tract was set for hearing on March 16.

The Pacific Telephone Company was granted permission to excavate on Euclid and Ocean streets, Garden Grove.

Glenn Huntington's permission to lay a pipeline was granted.

Is Turned Down

The petition of August Lemke and M. Boisserane, Jr., justice of the peace and constable of Yorba township, to have the census taken of that township was denied, as there seems to be no probability that a census would show that Lemke and Boisserane are entitled to raises in salary. Their petition asked that Edwin Bayna be appointed to take the census.

Tax Collector J. C. Lamb was granted a permit to leave the state for ten days.

The report of the viewers of the J. A. Armitage road petition was set for March 16.

Mrs. Nora M. Tubbs applied for appointment as assistant to the county's publicity departments at the expositions.

The board adjourned to March 2.

INDIGESTION, GAS OR SICK, SOUR STOMACH

Time 'Pape's Diapepsin!' in Five Minutes All Stomach Misery is Gone

"Really does" put bad stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that's just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapepsin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach doctor in the world.—Advertisement.

AT THE COURTHOUSE

DEATH DRAWING NEAR, HEART RELENTS

Anaheim Woman Has Divorce Decree Set Aside So She Can Care for Husband

When Frederick D. Waller returned to Anaheim broken in health and but a few months of life left for him, Mrs. Ida J. Waller decided to forgive him his sins against her. She concluded that she would care for him just as though there had never been any divorce, none of those abuses, that led her to get the courts to break the bond of matrimony.

On October 20, Mrs. Waller was given an interlocutory decree of divorce by Judge Thomas. The testimony showed that Waller was a heavy drinker, and that his wife and children ought under the law to be freed from him.

Yesterday's attorneys Tipton & Callor of Anaheim with Mrs. Waller appeared before Judge Thomas and asked that the interlocutory decree of divorce be set aside. It was explained that Waller has returned to Anaheim, and that his illness is such that the doctors do not think he can live over six months. Without receding one whit from her stand taken in the divorce proceedings that she deserved a divorce, Mrs. Waller makes plain that her heart has relented. She will look after Waller as long as he lives. Judge Thomas set aside the divorce decree.

Actions Just Filed

The San Pedro Lumber Company has brought an action for \$345.11 against A. J. Maltow and lots 1, 2 and 3, block 403, Huntington Beach. Suit is on a mechanic's lien. D. H. McDonald is attorney for the plaintiff.

Elton S. Goble of Anaheim has petitioned for letters of administration upon the estate of H. Kitahata, who died on January 27, leaving an estate worth \$500. The heirs are the widow and two children living in Japan. Melrose & Ames are attorneys for the petitioner, who is nominated as administrator by a brother of the deceased.

The Huntington Beach Methodist Assembly has petitioned for permission to deed to Huntington Beach a right-of-way for a sewer line through property owned by the assembly.

Wants \$1000

Attorney E. E. Keech has filed an answer for Margaretta Stadteger, who is defendant in a condemnation suit brought by Orange county for a right-of-way at Yorba Linda. The answer demands judgment for \$1000, it being alleged that the value of the land sought to be condemned is \$740 and that the plaintiff's adjoining property would suffer \$250 damages if the road is put through.

Asks Permission

J. G. Quick and C. W. Burns as executors of the estate of Elizabeth Cordray have petitioned the superior court for permission to pay an assessment of \$10 a share levied by the Southern California Sugar Company upon its stock. The estate has nine shares.

Marriage Licenses

John E. Pieper, 26, and Norma L. J. Beckman, 24, both of Tustin; George W. Rount, 43, of Orange, and Elizabeth S. Rowlette, 45, of Sedalia, Mo.; Jose Sendejas, 22, and Felisa Salar, 22, both of Buena Park.

Suing for Deeds

Eva B. Tibbets has brought an action against Gertrude C. Howard and Virginia M. Ogier and others to compel the observance of a contract entered into on October 17. The plaintiff gave a lease and a bill of sale of furniture in the Alameda Hotel at 1330 South Olive street, Los Angeles, and was to receive in return fifteen acres north of Westminster in this county and real estate at Pierre, S. D. The deal involved a value of about \$9000 on each side. It is declared that the two defendants have had possession of the hotel, and the plaintiff believes they are insolvent. As yet the plaintiff has not received deeds to the real estate, and the court is asked to order that they be turned over to the plaintiff. Hunsaker & Harris of Los Angeles are attorneys for the plaintiff.

Recorder's Office

An abstract of a judgment for \$104.09, entered in the Anaheim township court, in favor of S. Y. Mayes and

against Burton V. Moore, has been recorded here.

Notice of attachment has been recorded in an action for \$761.60 brought by Edward C. Wagner against C. A. Westgate.

IN THE JUSTICE COURTS

IS NOT GUILTY SAYS THE JURY

Photograph and Testimony Indicate That Lomita Club's Property Not Inclosed

Convinced that the duck lands and grounds of the Lomita Gun Club are not "inclosed" within the meaning of the law, the jury that yesterday tried Phil Snyder of Los Angeles brought in a verdict of not guilty. Snyder was charged with hunting on inclosed territory.

A photograph taken by a newspaperman showed the fence to be under water. J. D. Callcott of Sunset Beach testified that there are four or five places along the Lomita fence where there are breaks or where the fence, if there at all, is entirely under water.

Not Plavan's Fault

Judgment in favor of the defendant was given this morning by Justice Cox in the action brought by Florentino Gonzales against Urban Plavan, a Talbert beet grower. Gonzales was employed by Juan Flores to help top beets on Plavan's ranch. Plavan hauled the beets away. He was driving into the field when, without Plavan's knowledge, Gonzales, to save walking to the point where the loading was to commence, tried to climb aboard a trailer. His foot slipped and the insect was badly torn in the wheel. He asked \$299.50 damages. Attorney Reinhaus appeared for Gonzales and Attorney Bishop for Plavan. The justice decided that Gonzales was not acting in the course of his duty and moreover he was working for Flores, not Plavan.

Cutting Corner

Today Officer Pond swore to a complaint charging Tom Gould with cutting the corner at Fourth and Main streets.

MASQUERADE BALL at El Toro, Saturday, February 20.

CERTIFICATE OF PARTNERSHIP—FICTITIOUS NAME

State of California, County of Orange, ss. We hereby certify that we are partners transacting business at Santa Ana, in the State of California, under a designation not showing the names of the persons interested as partners in such business, to-wit: Robertson & Packard.

ROOST RAIDERS ARE USING AN AUTOMOBILE

About Seventy-five Rhode Island Reds Stolen at El Modena Monday Night

Three men in an automobile went to El Modena Monday night and stole between seventy-five and eighty Rhode Island Red chickens from R. F. Reish's place, close to the hills northeast of El Modena.

It begins to look as though several hen roost robberies committed recently may be laid to chicken thieves who are operating in an automobile. A raid at Fullerton a few nights ago was by auto.

Reish did not hear the men at his place. Neighbors heard an automobile come and go. Tracks of the machine and of three men were found the next day.

IF BACK HURTS BEGIN ON SALTS

Flush Your Kidneys Occasionally if You Eat Meat Regularly

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.—Advertisement.

Special Sale of Flour

Mission Bell
48 lb. sack
\$2.00,

Saturday only, Feb. 20th.

Every sack guaranteed.

Union Grocery

A. C. Newell, Arch Burkett, Fourth and Spurgeon Sts. Both Phones.
